

2nd ODIP workshop

The second ODIP workshop will focus on the three prototype development projects that are currently being undertaken by the ODIP partners following the outcomes of the first workshop.

The programme includes a dedicated session for each prototype development project which includes a short plenary to provide an overview of the prototype under development and an update of current progress / activities. This will then be followed by a discussion session which provides each group with the opportunity for face-to-face working.

Please note that although each prototype has a dedicated working session after the plenary this time slot can also be used by the other prototype development groups as an additional working session. However, a number of people are participating in more than one of the prototype projects and priority should therefore be given to the designated prototype development project in each session.

An additional two discussion topics are included in the meeting programme. These topics have been identified and prioritized by the ODIP project partners. An expert for each topic from the three main geographic areas (Europe, USA and Australia) has been nominated and selected in consultation with the local representative for each of the regions. Each topic has a nominated leader and a rapporteur will also be selected for each one on the first day of the workshop.

While every effort has been made to have a logical structure to the programme for the workshop it has been necessary to schedule some topics/discussions to accommodate those people who are participating in the workshop remotely from other time zones.

Workshop Sessions

Session	Title	Leader
1	ODIP Prototype 1	Dick Schaap
2	ODIP Prototype 2	Bob Arko
3	ODIP Prototype 3	Sebastien Mancini
4	Vocabularies	Simon Cox
5	Data publication and citation	Cyndy Chandler
6	Break-out sessions	Simon Cox/ TBA
7	Workshop wrap-up	Helen Glaves

Programme

Scripps Institution of Oceanography, UCSD, La Jolla, USA

3 - 6 December 2013

Tuesday, 3 December 2013

Session 1

8:15 – 8:45	Registration	
8:45 – 8:55	Welcome	Jeff Gee (Deputy Director, Scripps Institution of Oceanography)
8:55 – 9:10	<i>Workshop logistics</i>	<i>Karen Stocks (Scripps Institution of Oceanography)</i>
9:10 – 9:30	<i>Introduction</i> (Name, Country, institution, main responsibility, expectations for this workshop: 30 seconds max.)	
9:30 – 9:45	Overview of the ODIP project	<i>Helen Graves (ODIP project co-ordinator)</i>

ODIP Prototype Development Project 1: plenary

9:45 – 10:15 ODIP 1: aims, activities and progress
Lead by Dick Schaap (EU)

10:15 – 10:30

Break

ODIP Prototype Development Project 1: working session

10:30 – 13:00 *Lead by Dick Schaap (EU)*

13:00 – 14:00

Lunch

Session 2

ODIP Prototype Development Project 2: plenary

14:00 – 14:30 ODIP 2: aims, activities and progress
Lead by Bob Arko (USA)

ODIP Prototype Development Project 2: working session

14:30 – 17:00 *Lead by Bob Arko*

(session includes 15 minute coffee break)

Wednesday, 4 December

Session 3

ODIP Prototype Development Project 3: plenary

9:00 – 9:30 ODIP 3: aims, activities and progress
Lead by Sebastien Mancini (AUS)

ODIP Prototype Development Project 3: working session

9:30 – 12:30 *Lead by Sebastien Mancini (AUS)*

(session includes 15 minute coffee break)

12:30 – 13:30

Lunch

Session 4

Vocabularies

13:30 – 15:00 Plenary
Simon Cox (AUS), John Graybeal (USA) and Roy Lowry (EU)

15:00 – 15:15

Break

Vocabularies

15:15– 17:00 Discussion
Lead by Simon Cox

Thursday, 5 December

Session 5

Data publication and citation

09:00 – 10:30 Plenary
Cyndy Chandler (USA), Justin Buck (EU) and Lesley Wybourn (Australia)

10:45 – 13:00 Discussion
Lead by Cyndy Chandler

13:00 – 14:00

Lunch

Session 6

Topic breakout sessions

Informal topic lead discussions for the additional topics added for this workshop

14:00 – 17:00 Vocabularies
Data citation & publication

(A rapporteur will be nominated for each break-out group at the start of the session)

Friday, 6 December

Session 7

9:00 – 10:00 ODIP prototype development projects
Feedback from each group on activities during the workshop (20 minutes each):
ODIP 1 - Dick Schaap
ODIP 2 - Bob Arko
ODIP 3 - Sebastien Mancini

10:00 – 10:30 Break-out session reports:
Vocabularies
Data citation

10:30 – 11:00 Further potential prototype projects (D3.4)

11:00 – 11:30

Break

11:30 – 12:00	Workshop summary	<i>Dick Schaap (EU)</i>
12:00 – 12:30	Plans for next 8 months	<i>Helen Glaves (Co-ordinator)</i>
12:30 – 12:45	3 rd ODIP workshop	<i>Sissy Iona (HCMR)</i>
12:45 – 13:00	Closing remarks	<i>Helen Glaves</i>

13:00 – 14:00

Lunch

14:00 – 16:30 ODIP Steering committee meeting (members only)
