Web and Audio Connection information for the 2nd ODIP Workshop

As most of you know, we're using ReadyTalk to permit those who cannot travel to the Second ODIP Workshop to participate in some or all of the event.

To join the MAIN MEETING remotely:

- *Go to http://www.readytalk.com and enter Participant Access Code 8222096 for web access.*
- *For the audio access, dial-In using the appropriate number below and enter the same access code.*

To join the BREAKOUT ROOM remotely (see agenda for appropriate times):

- *Go to http://www.readytalk.com and enter Participant Access Code 5341898 for web access.*
- *For the audio access, dial-In using the appropriate number below and enter the same access code.*

If you have technical difficulties with the Web connection, please perform ReadyTalk's system test by clicking on "Test Your Computer", which is in green font under Participant, Join a Conference (on the left). You should test as a participant (or co-presenter if you know you will need to be a presenter).

For the Local Organizers
